

## Statement regarding REACH

Under the definition of the REACH regulations EC1907/2006, Regin AB is a producer of “articles”. REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) more than 0.1% by weight. The compliance status of the products was confirmed based on the latest 209 substances defined by ECHA. Please refer to the following ECHA list for the most current candidate list of substances: <https://echa.europa.eu/sv/candidate-list-table>.

Additional information on the European Union’s REACH regulation can be found here: <https://echa.europa.eu/regulations/reach/understanding-reach>

Based on the material content certifications provided by Regin AB’s suppliers, none of these substances are present in the materials we use in our products, including packing and shipping materials. Therefore, Regin products do not contain any of these SVHC more than 0.1% by weight.

Regin AB will continue to comply with REACH requirements and notify customers of any change in article content.
