

PBI

Push-button for flush-mounting

Push-button for activation of extended running of fans, dampers, air handling units etc.

- Push-button with change-over contact
- Built-in light bulb for 230 V AC or 24 V AC

- Flush-mounting
- Designed for the ELJO system

Extended running

PBI is a push-button which can be used for extended running of air handling units and similar systems.

Pressing the button results in an instantaneous change-over (closed contact), which will activate extended running for the connected system.

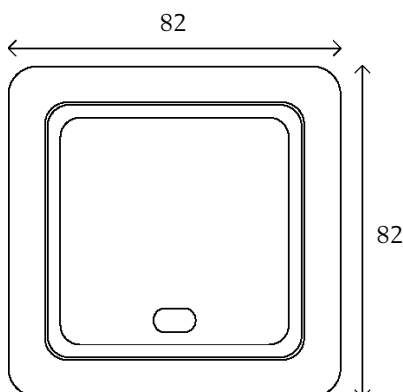

Indication

PBI has a light bulb which, if desired, can be connected to the system for run indication. Bulbs for 230 V AC and 24 V AC are supplied.

Technical data

Dimensions	82 x 82 x 15 mm
Mounting	Flush-mounting
Fastening	Quick (mounting claws) in a wallbox or 60 cc screw holes
Current rating	16 A
Voltage rating	230 V
Protection class	IP20
Colour	Polar white (NCS S0502-Y)
